Nicolas Brizuela

nicolasrws@gmail.com | 111-111-1111 | LinkedIn

Education

San Diego State University — San Diego, CA
Bachelor of Science in Computer Science — *Aug. 2022 - Current*

Skills

Languages: Java, Python, HTML, CSS, Javascript, C++, C | **Spoken Languages:** English, Spanish
Developer Tools: VS Code, IntelliJ, GitHub
Personal: Communication, Fast Learner, Team Oriented, Problem Solver, Curious, Dedicated, Aspiring, Motivated

Projects

Portfolio Webpage | HTML, CSS **Link:** https://nico-1824.github.io/
- Webpage that can have all my information available
- Increase the space to show projects and see examples
- Demonstrate topics and skills in a practical manner that interested parties can view my accomplishments

Finance Tracker | Java, Flutter
- Developed a full-stack application to input and track finances using local storage and Flutter as the frontend
- Created on-device storage containers with Java to hold the names of purchases and their respective amounts
- Implemented live updated lists of purchases with remaining budget balance

Dungeon Style Game | Python
- Developed an Object-Oriented programming style to separate entities and back-end functions
- Implemented a continuously playable round system for users to continue playing and progressing
- Developed a memory system to save data of players' items throughout rounds

Extra

The Remington Club | Server / Host — Sep. 2024 - Current
- Handle over 20+ people every hour of service and manage time intervals for food to elevate the dining experience
- Work with kitchen staff to maintain a stocked kitchen and increase productivity by 75% by keeping things organized and prepped before service
- Handle 5+ takeout orders every hour and answer guests' questions about dining changes or news about the restaurant

App Development SDSU Club — Aug. 2024 - Current
- Participated in hands-on workshops and gained exposure to app development frameworks such as Vue.js, Vite.js, React, and Springboot
- Collaborated with others and leadership on building mini-apps with frameworks

Nothing Bundt Cake — Sep. 2023 - Feb. 2024
- Increased productivity of the bakery by maintaining clean baking utensils and an organized storage area for quick and easy access
- Cleaned 100+ molds of cake by setting up the cleaning station in an organized and efficient manner
